

# A Visit to the Brunswick Public Library

I am going to visit the library.

At the library, there are people who can help me.

There is an area for children at the library.

There are computers at the library.

I can play at the library.

I can play with the trains.

I can play in the boat.

At story time, I can hear stories  
in the story time room.

I can make music in the story time room.

Sometimes we play with the parachute.

I can look at books at the library.

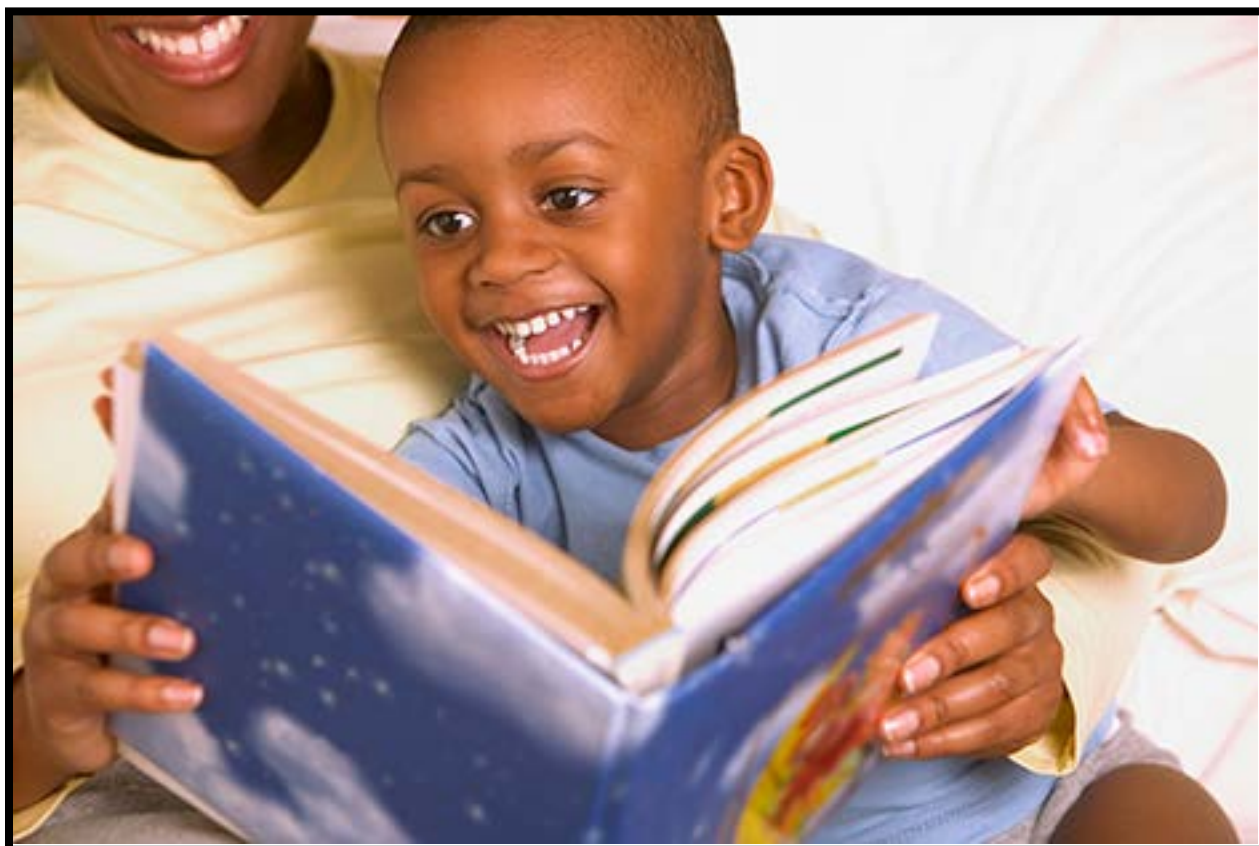

I can use a library card to borrow books  
to take home with me.

I read the books at home.

I take care of the books and  
take them back to the library.

Other kids can take them home, too.

Going to the library is fun!

I can't wait to visit again.
