A Visit to the Myersville Community Library
I am going to visit the library.
At the library, there are people who can help me.
There is an area for children at the library.
There are iPads at the library.
I can play at the library.
I can visit the trolley at the library.
At storytime, I can hear stories in the storytime room.
I can sing in the storytime room.
I can look at the books at the library.
I can use a library card to borrow books to take home with me.
I read the books at home.

I take care of the books and take them back to the library.

Other kids can take them home, too.
Going to the library is fun!

I can’t wait to visit again.
